

THE TEENSMAG

2011/2012 EDITION

EDITORIAL COMMENT

A note to all you guys out there.
Play by the rules of society.

Meet attractive girls certainly
But don't hustle or con them
Or break the law...

And please! No Rohypnol
(aka Roofies, Roaches, Ketamine)
In any food or drink.

And you girls avoid bars or House
Parties where a "nogoodnik" can
Slip in a Roofie into your drink
Unattended while you take a
Washroom Break!

Rohypnol is a powerful sedative
Which depresses the Central
Nervous System and slows down
Its functioning to where the victim
May pass out later!

So watch yourselves. Don't be a
Victim of Date Rape. Have Fun! But
Beware of over-eager guys
Offering gifts!
